

## Sports Premium Strategy 2018-2019

The PE and Sports Premium is a government funding stream designed to help primary schools improve the quality of PE and sport activities offered. Funding is assigned based on the number of pupils in Years 1 to 6. Last year the school received £17,550; as we receive the grant money in increments throughout the year we project on the previous year's figure for the coming period.

### **Rationale for Expenditure**

- Providing high quality sport coaching for pupils
- Providing quality ongoing CPD for staff
- Providing sporting opportunities, extra-curricular activities and quality resources for the school community

Area of Spend	Intended Outcomes	Allocation
J&C Club Provision	To provide two weekly sport clubs for Infant and Junior children to further sport skills, enjoyment of sport and encourage healthy living. To provide additional opportunities for exercise and well-being through before school and lunchtime activities for all children.	£3,000
J&C Training Provision	To develop and up-skill staff through termly training in preparation for termly PE units. To develop skills of both staff and pupil play leaders, improving social interactions between children.	£2,000
J&C Planning Provision	To provide a cohesive sport overview for the school whereby staff and coaches deliver quality lessons and skills development.	£1,000
Accessing Competitive Sport	To cover admission and transport costs (where necessary) to competitive sporting events.	£2,000
Resourcing & equipment	To provide quality resources on an appropriate cycle of replacement for lessons, clubs and playtime activities.	£9,500

### **Swimming 2017-2018**

Of last year's swimming cohort, 100% of 18 children achieved the standard or 50m front and back crawl. 17 children demonstrated a variety of strokes and were able to carry out life saving techniques.

## Monitoring

Termly meetings will take place with the Headteacher, PE Lead and Coach on a termly basis to review provision, discuss resourcing and analyse club attendance to ensure equal access to pupil groups. Consideration is given to the balance between structured competitive activities and catering for those children who need to be encouraged in physical activity through fun.

PE Lead: Mr A Ansell

PE Coach: Mr K Boland

## Impact to date

- 🏆 Children who use home to school transport are unable to attend after school club and they are targeted for before school and lunchtime provision. This includes 'Wake & Shake' first thing in the morning and directed activities during the lunch break. Obviously this impacts all pupils and reinforces the importance of a physical and healthy lifestyle timetabled as part of the school day. Pupils who have taken part in these activities have been seen to be more invigorated and more ready to learn when returning to the classroom.
- 🏆 The school continue to monitor all Sports provision and have committed to a 3 Year arrangement with J&C Academy. Training which has taken place so far has built the confidence of our own staff and prevented them from becoming deskilled over time, impacting the sports-based lessons and events we conduct ourselves.
- 🏆 The school continues to develop the learning culture and the children's attitudes towards challenge and risk taking; physical activities are a prime opportunity for the children to push themselves physically and competitively. As the attainment increases across the curriculum it is evident that this approach is transferrable into all areas of learning.
