Greater Depth Reading

Ms Lee
Wed 13.2.19
Thurs 28.2.19

What is Guided Reading?

- Sessions of **in-depth** reading with an age-appropriate book; **analysis** of a text in greater detail; ensuring each child can read each word; discussing both the **overt** and the **covert** authorial intent
- **Continual assessment** of a child's ability to meet year end expectations

Do I still need to listen to my child – even though he/she is an independent reader?

YES....

- Your questions will spark **greater depth discussion** of the author's intent
- Role model a **love of reading**
- Exposure to a wide range of words – **vocabulary building**

- Improves their **understanding** when they read/listen.
- New sounds, words and phrases will help their **writing** (mimic).

**Thank you for your continued
support of your child's
reading**

Have a safe journey home
