Dear Parents

Further to our email yesterday, we would like to explain how home learning activities will be provided over the coming weeks.

We would like to stress to parents that we cannot sustain the level of provision they currently experience while the school is repurposed to care for vulnerable children and key worker families.

Equally, if your child is or becomes unwell, we understand that they will be resting and that there is no expectation for them to be completing vast amounts of work; we also acknowledge that families will have their own circumstances to navigate at this difficult time.

In the first instance, children can continue to:

- read regularly to an adult
- practise times tables and/or mental maths
- complete 'MyMaths' activities provided online
- write something brief each day; perhaps a diary entry, short story or description
- complete any outstanding 'Pick & Mix' homework activities
- complete revision activities provided to Year 6

Where the above does not apply to EYFS children, we will be using Tapestry to provide daily ideas and activities which can be posted and shared with Mrs Neaves.

In addition, we are launching our whole-school 'Worldwide Challenge' which we have designed for all children to engage with flexibly and at their own level. This has been introduced to the children this morning and resources will be provided to bring home.

Although this project has the scope for children to explore for some time, we will also be posting further ideas and resources on our school website over time at www.wingrave.school/school-closure-resources.

Yours sincerely

Mr M Tomson Headteacher

"I can do all things through Christ who strengthens me." Philippians 4:13
